

Hampshire Volleyball Association
Finance Report
29th July 2016

As at 1st June, the balance in our bank account stands at £5441.04 but discussions are ongoing related to invoices received from Crestwood College for the last few months of the season (circa £1300).

Income generated across the two leagues generated £3820, and this remains our primary source of income although this is not a profit making enterprise, it is only to cover the costs incurred.

Unfortunately, the hourly charges from Crestwood College mean that this is not a viable venue for the future and the Indoor League requires a rethink.

The Committee is looking at ways to invest in the development of the country, e.g. coaching, referees, junior development etc..
